Amany's Testimony:

I grew up in a family of believers and regularly attended church and Sunday school ever since I was a child. I was pious, but didn't know anything about salvation until I was 11 years old. It was during a Sunday school class when the teacher was telling us about Christ, His death and resurrection and that He's done all this because of our sins; I was overwhelmed by His love for me personally and gave my heart to Him. Since then He has reigned over my heart and I've felt relief, joy and peace like never before.

Since that time I became devoted to study the Word of God and to pray. I learned a lot from the church meetings and the encouragement of the leaders there. God allowed for me to pass through difficult times when I lost my father and I

had to carry a considerable responsibility at home and in ministry. Then I met my husband and life's partner who encouraged me and helped me a lot. I thank God for He continues to bless our family to His glory.

Rationale for joining ABTS:

God has blessed me with a ministry of visiting and encouraging people in isolated places. I also train Sunday school teachers. But it is my heart's desire to serve Him among Arab communities in Arab countries or abroad. Studying Theology will help sharpen my skills and open new doors for ministry.
